SEPTEMBER 2024

OFFICIAL POSTER

Come and swim with your fins on the shores of our Mediterranean sea, «the Great Blue», bordered by pine trees centenaries and lulled by the song of cicadas. Come and discover the "savoir-vivre" of Provence, a generous metropolis where the inhabitants have the

accent that sings and are good alive.

Breathe in the sea with the Calanques National Park whose natural landscapes are sublime on land and under water. A high spot of marine biodiversity. Recreational and modern scuba diving was born on our coasts in the South less than 100 years ago.

Also discover the Camargue, Marseille has been close to the sea since antiquity, the Mucem and the replica of the prehistoric grotto Cosquer.

The heart of Provence beats here, land of flavors to taste and land of panoramas to enjoy, from the sea to the vineyards, olive trees and lavender fields until the Alps. September is perfect for its softness and sunsets. FFESSM, the French federation of Underwater Studies and Sports, the oldest diving federation in the world, has its national headquarters in the Old Port of Marseille. With its label «Terre des Jeux 2024» at the end of the Olympic Games, the FFESSM has chosen a world-wide open water race with fins. This is in line with our position of promoting outdoor aquatic activities, sustainable development, sport and health.

Open water and the fins are promising the future and ambition for the World Confederation of Underwater Activities and for our sporting France, by welcoming the world elite in Provence to Carry-le-Rouet from 21 to 28th September 2024.

*Frédéric Di Meglio,
President of the FFESSM*

Our municipality, Carry-le-Rouet is very honored to welcome, on one of its most beautiful beaches, the Rouet, the Open Water Finswimming World Championship, September 21-28, 2024.

Indeed, our municipality, otherwise known as the Pearl of the Blue Coast, has an environment and a geographical location that is most favourable to this type of event.

On the one hand located between sea and hill, it offers to all those who go there an unforgettable holiday spot.

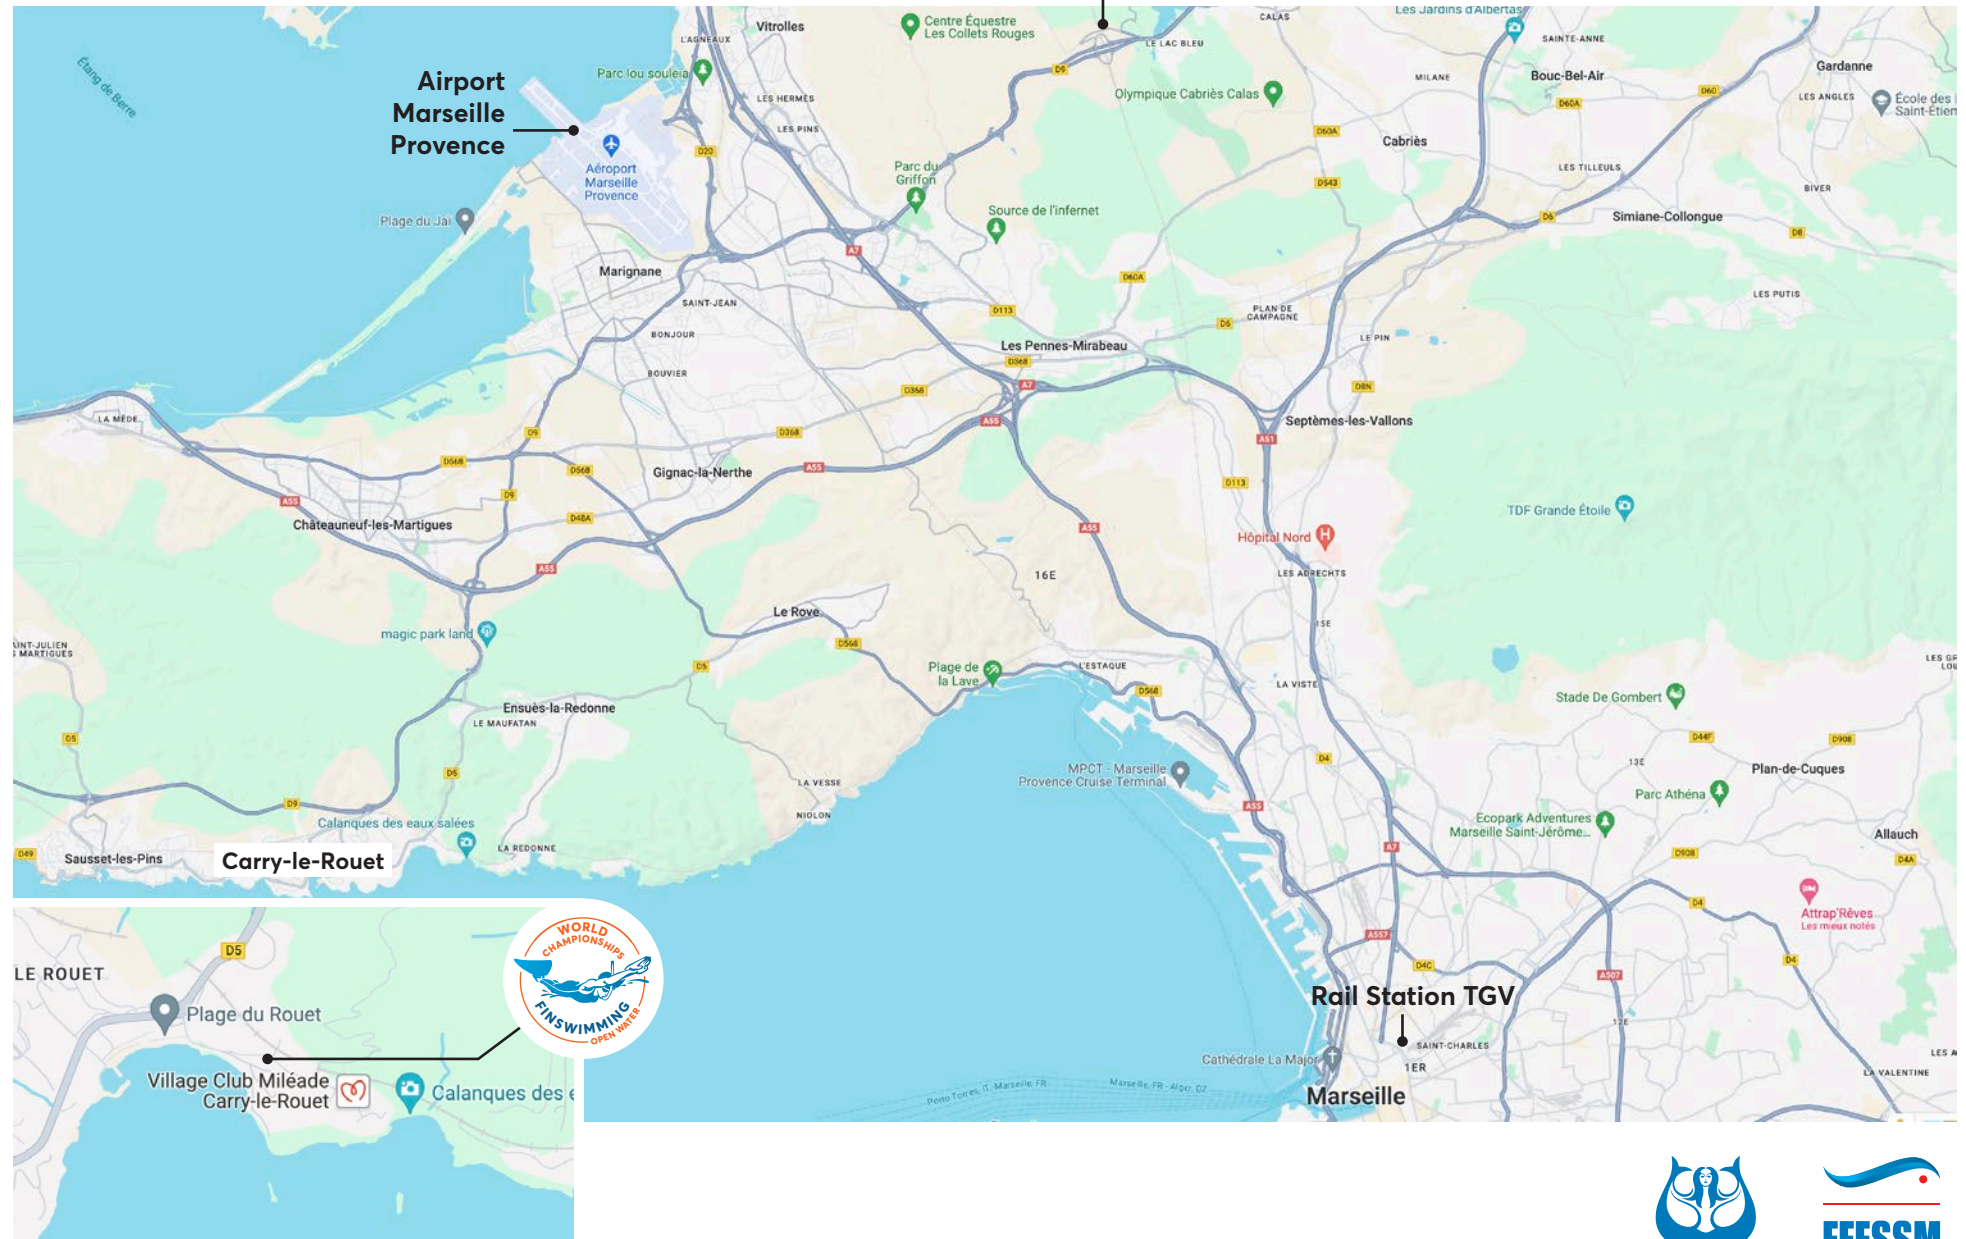

On the other hand, its proximity to major cities such as Marseille, Aix-en-Provence, Martigues, etc. make it conducive to tourism and to welcoming holidaymakers and sportsmen. This immediate proximity to major cities, allows to benefit from all means of transport only a few kilometers.

It is for all these reasons that Carry-le-Rouet is the best city to host this world championship.

*René-Francis Carpentier
Mayor of Carry-le-Rouet*
